USER/INSTALLER RESPONSIBILITIES

This certificate does not automatically constitute authority to install the item(s).

When the user/installer performs work in accordance with the regulations of an airworthiness authority different than the airworthiness authority specified in block 1, it is essential that the user/installer ensures that higher airworthiness authority approvals apply and that the appropriate authority is notified in block 1.

Statements in blocks 13a and 14a do not constitute installation certification. In all cases aircraft maintenance records must contain an installation certification issued in accordance with the national regulations by the certificate holder for aircraft to be flown.

## Order Handling and associated Fees

This document lists the most common fees associated with Satair's order handling. Additional fees or surcharges may apply, in accordance with Satair's [General Terms and Conditions](#).

### 1. DANGEROUS GOODS

In application of Dangerous Goods regulations and associated requirements by the carriers, specific packaging costs may be charged. Any such cost will be calculated on a case-by-case basis based on the actual costs.

Después de que COF agregue la tarifa de embalaje de mercancías peligrosas, se actualizará en el estado del pedido.
