**SATAIR**

AN AIRBUS SERVICES COMPANY

# About Satair

Satair is a truly global company and world leader in the commercial aerospace aftermarket.

The company supports the complete life cycle of the aircraft with a full and integrated portfolio of flexible, value-adding material management products, services and tailored support modules across all platforms.

Satair enters into distribution arrangements for aerospace component manufacturers and supplies parts to multi-fleet airlines and MRO companies. It fulfils the material service support obligation for the in-service fleet of Airbus, Boeing, and other major commercial aircraft.

Satair provides logistics, inventory, repair and tools services and battery maintenance services up to full-scale outsourcing solutions such as Integrated Material Services (IMS), where the entire material management for consumables and expendables is subcontracted to Satair. Satair is a key part of the Airbus Customer Services unit and a \$2 billion-turnover global company with more than 1,400 employees, operating from 10 locations worldwide.

Satair is a stand-alone company and AIRBUS subsidiary. To learn more about Satair, visit [www.satair.com](http://www.satair.com), or follow the company on LinkedIn: [linkedin.com/company/satair](https://www.linkedin.com/company/satair).

A large white commercial airplane is the central focus, shown from a low angle. The aircraft's nose, cockpit, and upper fuselage are visible. A ground support vehicle, likely a belt loader, is positioned in the foreground, connected to the aircraft's cargo door. The background shows a clear blue sky with some light clouds. The overall scene is brightly lit, suggesting a sunny day at an airport.

# Did you know?

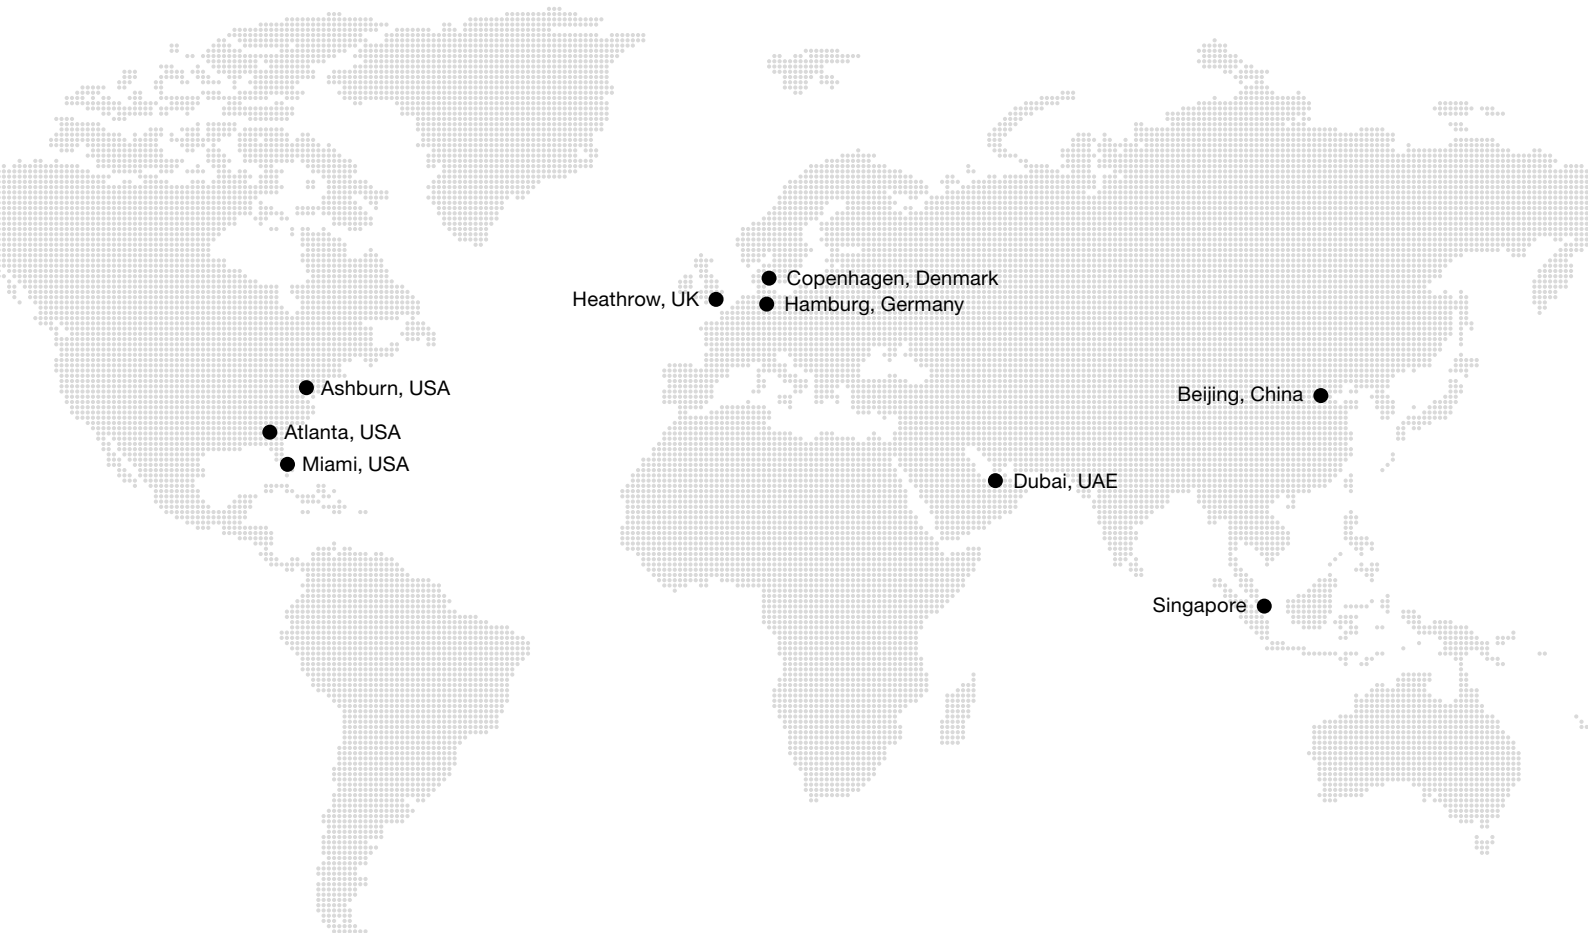

That Satair also supplies parts for business aviation aircraft and helicopters. Please contact your Satair representative for more information.

A large commercial airplane is shown on a tarmac with its cargo door open. A white cargo truck is positioned below the aircraft, and a person is visible inside the truck's cab. The scene is set against a clear blue sky.

# Did you know?

That Satair offers several supply chain solutions, from basic services to full supply chain integration.
