Repair Process Flow

1. The capability list of our Airbus shops and Airbus Approved partners is available online here (or through our Website www.satair.com)
2. Contact Satair Hotline (e-mail/phone) to get approval where to send the unserviceable part for repair
3. Satair will provide customer to which repair station the unserviceable part needs to be send.
4. Shipment of an unserviceable part to the address specified by Satair, stating the repair purpose on the shipping documents.
5. The inspection process is launched after receipt of the customer`spart at the repair shop. Satair provides an quotation, the lead Time for the repair as well as the inspection report after the inspection is finished.
6. The customers asked to advised the decision to the quotation.
7. After receipt of the customer's acceptance of the quotation the Repair Management team launches the repair process at the repair shop.
8. The repair process ends with the handover of the unit to the customer`s nominated forwarder at the location of the repair station.
